### HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and  
Nervous, Says Florida Lady.  
Five Bottles of Cardui  
Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child...I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so badly and was so nervous and weak I could hardly live. My husband asked Dr. Cardui about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles. After about the second bottle I felt greatly improved...before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

### MEMPHIS TEST HAS 400 FEET OF OIL IS REPORT FROM WELL

Memphis, Texas, Dec. 26.—The test of the Home People's Oil Company, in Hall County, 14 miles west of Memphis, is standing 400 feet in oil, according to reports, considered as authentic. The sand was found at 1560 feet, and the bit was broken off in the shale making a test of the production impossible at this time. Conservative estimates placed it upwards of 100 barrels, it was stated. A 10-inch bit was being used when the sand was struck.

Excitement over the finding of the first oil in that section is running high and many oil men from all sections of the State have arrived during the past 24 hours.

The Home People's well was the first test begun in Hall county and was promoted principally by Memphis citizens.

### 3,000 IMMIGRANTS ARE SEEKING ENTRANCE

New York, Dec. 28.—More than 3,000 immigrants were clamoring at the gates of New York tonight for admission into the United States. Ellis Island is congested and many hundreds of the incoming passengers are being detained on board steamships for examination.

Immigration inspectors and special boards of inquiry are working day and night to relieve the unprecedented conditions. In the meantime hundreds of friends and relatives of the detained passengers from all over the country are assembled here impatiently awaiting the release of the immigrants.

Police and coast guards are on duty at the piers and the Ellis Island ferry entrance to hold in check the crowds which gather at the gates daily. Several attempts have been made by friends and relatives of the detained passengers to storm the piers in an effort to reach the ships. They cannot understand the delay and fear their friends are to be deported.

Immigration officials claim that their work is delayed to a large extent on Ellis Island because of the congestion there due to the detention of a large number of radicals and undesirable being held for deportation.

The greater number of the immigrants being detained are Italians, it was stated. Several hundred Greek passengers are also held.

Although the steamship Patria has been in port five days, 473 passengers from the 1,840 that came from Italy are still being detained. On the Giuseppe Verdi, another Italian liner, approximately 700 steerage passengers have been held for further examination.

Less than 300 of the 1,620 steerage passengers on board the liner Europa, which arrived Dec. 18, have had a first examination. Four hundred and thirty of the 2,050 steerage passengers on the Royal Italian Mail liner Taormina and fifty of the steerage complement of the Mauretania are detained.

Another steamship, the Megallia Hollas, the largest of the National Greek line, is tied up in Brooklyn with 139 of her 412 steerage passengers still detained on board. Many others are reported to be detained on smaller steamships, including several passengers on the Ward line steamship Monterey, which arrived today from Mexico and Havana.

### ANNOUNCEMENT

In this issue of the Avalanche the attention of our readers is called to my announcement for the office of Tax Assessor of Lubbock and attached counties.

In asking the support of the voters for re-election to this important office I stand squarely on the record I have made. It is before you, and if you find that I have proven a worthy servant I shall appreciate your support. If on the other hand you find that I have not been faithful in the discharge of my obligations I do not expect your support.

Having been a resident of this county for the past 31 years has made me acquainted with conditions through all the vicissitudes of our development and if I have added in any way to the material growth of our country I am indeed grateful. One thing I know is that my heart and soul has ever been for the best interests of this part of the country; all I have made here and it will be my home until the end.

For the loyalty of my friends during the past I am indeed grateful and shall ever cherish your friendship. To those strangers who are coming into our midst I extend a warm welcome and ask them to call and get acquainted.

Again thanking you and asking that you consider my claims at the coming primary, I am sincerely,  
R. C. BURNS.

### AGED BUSINESS MAN DIED AT PLAINVIEW

Sidney Johnson Jackson, age 54 years, died at his home in this city Sunday afternoon about 6:30 o'clock from an attack of pneumonia with which he was taken Thursday.

He was a member of the insurance and loan firm of Malone & Jackson, and was a very prominent business man of the town. He was a leader in Red Cross and other war drives, and his place will be hard to fill in local affairs. He was a genial citizen and had many friends.—Plainview News.

C. P. Davis left a few days ago for Tuscola, Texas, where he will make his home in the future.

### TEXAS INCOME TAX CAMPAIGN DELAYED BY LACK OF BLANKS

The Government working force in Texas will be slow in starting operations on the income tax for 1920. Originally slated to begin Jan. 1, the income tax campaign will not open until the middle of the month, or possibly later.

Failure of the income tax blanks to arrive is given as the cause of the delay by R. C. Cain, deputy internal revenue collector at Fort Worth. None of the blanks have been received, he said. He will announce the date later when they will be available.

Income tax assessments will be smaller in some instances for 1920. Salary assessments, for instance, will be a third less. This is in accordance with the graduated scale adopted in 1918.

F. D. Stockbridge, manager of the Lubbock Creamery, with his wife, returned Tuesday from Lamesa, where they spent the holidays.
